

**Related Programs Classified by Potential CALFED Core Actions
(Draft - March 5, 1996)**

BAY-DELTA HABITAT RESTORATION

Protect and Enhance Existing Shallow-Water Habitat

Medford Island Multi-Species Protection and Enhancement Project
Coastal Conservancy
Sonoma Baylands Project

Protect and Enhance Existing Riverine Habitat on Channel Islands

Coastal Conservancy
Port of Sacramento Mitigation Bank

Include Riverine Elements at Channel Edges by Modifying Levee Protection Practices

Protect and Enhance Existing Riparian Habitat

Grizzly Slough Wildlife Area
Northern California Streams Sacramento River Fish Migration
Putah Creek, South Fork Preserve
Riparian Habitat Joint Venture
Coastal Conservancy
COE Little Holland Tract and Little Island Reconnaissance Investigation
Medford Island Multi-Species Protection and Enhancement Project
Northern California Streams Sacramento River Fish Migration
Delta Wetlands Project

Improve Riparian Habitat by Modifying Levee Maintenance Practices

Improve Degraded Riparian Habitats

COE Little Holland Tract and Little Island Reconnaissance Investigation
Department of Fish and Game Central Valley Salmon and Steelhead Management
and Restoration Program

Protect and Enhance Existing Wetlands

Putah Creek, South Fork Preserve
Grizzly Slough Wildlife Area
Stone Lakes National Wildlife Refuge
Central Valley Habitat Joint Venture
San Francisco Bay Joint Venture
Wetlands Reserve Program
Inland Wetlands Conservation Program
Department of Water Resources' Western Delta Program
Governor's California Wetland Conservation Policy (Aug. 1993)
California Waterfowl Association
Coastal Conservancy
COE Little Holland Tract and Little Island Reconnaissance Investigation
Medford Island Multi-Species Protection and Enhancement Project
Montezuma Wetlands Project
National Estuarine Reserve Research System
North Bay Wetland Protection Program
Partnership for the San Pablo Baylands
San Francisco Bay National Wildlife Refuge
Sonoma Baylands Project
Tidal Wetlands Species Recovery Plan
Wildlife Conservation Board
Woodbridge Ecological Reserve
Department of Fish and Game Central Valley Salmon and Steelhead Management
and Restoration Program

Expand Wetland Acquisition Programs

Central Valley Habitat Joint Venture
Coastal Conservancy
Governor's California Wetland Conservation Policy
Inland Wetlands Conservation Program
National Estuarine Reserve Research System
Partnership for the San Pablo Baylands
Resource Agency Conservation Banking Policy
San Francisco Bay National Wildlife Refuge
San Francisco Bay Joint Venture
Wildlife Conservation Board
Senate Bill 1065
Interim South Delta Program

Protect and Enhance Existing Upland Habitat

Stone Lakes National Wildlife Refuge
Grizzly Slough Wildlife Area

Encourage Wildlife-Friendly Agricultural Practices

Ducks Unlimited VALLEY CARE Program
Wetland Reserve Program
Central Valley Project Improvement Act Fish and Wildlife Restoration
Partnership for the San Pablo Baylands
Cosumnes River Preserve Project

Preserve Agricultural Land Uses Providing Habitat

Coastal Conservancy
Ducks Unlimited VALLEY CARE Program
Central Valley Habitat Joint Venture
Delta Protection Commission
DWRs' Western Delta Program
Partnership for the San Pablo Baylands
San Francisco Bay Joint Venture
Wetlands Reserve Program

Improve Regulation Regarding Ballast-Water Releases

Improve Border Inspection Practices

Introduced Aquatic Species Control

Establish a Rapid Response Program for Introduced Species

Introduced Aquatic Species Control
Introduced Aquatic Plant Species Control

UPSTREAM HABITAT RESTORATION

Improve Flows and Temperatures in Upstream Habitats

Central Valley Project Improvement Act Fish and Wildlife Restoration
Fall Head of Old River Barrier

Maintain Adequate Spawning Substrates

Central Valley Project Improvement Act Fish and Wildlife Restoration
Category III Program

Encourage Gravel-Mining Practices that Protect Fish Habitat

Cache Creek Corridor Restoration Plan

Modify Fish Passage at Upstream Dams or Through Other Barriers

Central Valley Project Improvements Act Fish and Wildlife Restoration
Category III Program
• Trinity Restoration Program
Yuba River, Daguerre Point Dam

Modify Natural Barriers to Improve Fish Passage

Encourage Appropriate Livestock Management in Riparian Habitats

Wetlands Reserve Program

Revegetate Degraded Riparian Habitats

Cache Creek Corridor Restoration Plan
Putah Creek, South Fork Preserve

Encourage Wildlife-Friendly Agriculture Practices

Central Valley Project Improvement Act Fish and Wildlife Restoration
Ducks Unlimited VALLEY CARE Program
Wetlands Reserve Program

Preserve Agricultural Land Uses Providing Habitat

Central Valley Habitat Joint Venture
Coastal Conservancy
Wetlands Reserve Program

Restore Riparian Ecosystem Corridor

Northern California Streams Sacramento River Fish Migration

Putah Creek, South Fork Preserve
Riparian Habitat Joint Venture
Upper Sacramento River Fish and Wildlife Habitat Restoration Study
Upper Sacramento River Fisheries and Riparian Habitat Management Plan
Wetlands Reserve Program
Yolo Basin Wetlands Project
Wildlife Conservation Board
Department of Fish and Game Central Valley Salmon and Steelhead Management
and Restoration Program
Category III Program

REDUCTION IN THE EFFECTS OF DIVERSIONS

Use Real-Time Monitoring and Adaptive Management

Install Screens on Other In-Delta Diversions

CVPIA Anadromous Fish Screen Program
DFG Fish Screening and Fish Passage Coordination Project
Category III Program
Suisun Marsh Diversion Screening Program

Install or Upgrade Screens on Upstream Diversions

CVPIA Anadromous Fish Screen Program
DFG Fish Screening and Fish Passage Coordination Project
Category III Program

Evaluate and Implement Effective Acoustic Barriers to Anadromous Fish Movement

Operate Fish Barrier on San Joaquin River at Merced River in Fall

Fall Head of Old River Barrier
Interim South Delta Program

MANAGEMENT OF ANADROMOUS FISH

Modify Hatchery Operations to Reduce Effects on Wild Populations

Salmon and Steelhead Hatchery Program in the Central Valley

Improve Data Collection and Analysis Needed to Regulate Commercial Take

Commercial Ocean Fishing Regulation

Department of Fish and Game Central Valley Salmon and Steelhead Management
and Restoration Program

REDUCTION IN EXPORT RELIANCE

Establish Incentives for Use of Agricultural Water Conservation Practices

California Irrigation Management Information System

Department of Water Resources' Water Conservation Branch

Low Interest Water Conservation Loan Program

The Agricultural Water Management Planning Act, Water Code Section 10800

Increase Incentives for Use of Municipal and Industrial Conservation Practices

Department of Water Resources' Water Conservation Branch

Modern Urban Landscape Ordinance, California Code, Chapter 7

Reclaimed Water: Nonpotable Uses, California Code, Chapter 553

Reclaimed Water: Toilet Flushing, California Code, Chapter 723

Special Legislation

Urban Best Management Practices Memorandum of Understanding

Urban Water Management Plans, California Water Code, Chapter 938

Educate Small Agencies about Conservation and Reclamation Feasibility

Department of Water Resources' Water Conservation Branch

Modern Urban Landscape Ordinance, California Code, Chapter 7

Reclaimed Water: Nonpotable Uses, California Code, Chapter 553

Reclaimed Water: Toilet Flushing, California Code, Chapter 723

Sanitary Districts: Water Reclamation, California Code, Chapter 306

Urban Water Management Plans, California Water Code, Chapter 938

WATER SUPPLY ENHANCEMENT

Ease Institutional Obstacles to Facilitate Transfers

Improve Procedures for Water Transfer Permitting

**Coordinate Diversion and Conveyance of Water Transfers
Establish a Transfer Brokering Mechanism or Institution**

Manage Water Resources Data and Information for the Bay-Delta System

Interagency Ecological Program

Encourage Long-term Drought Contingency Planning

MANAGEMENT OF WATER QUALITY

Establish Incentives for Retirement of Lands with Drainage Problems

San Joaquin Valley Drainage Implementation Program

Provide Incentives for Pollution Source Control on Agricultural Lands

San Joaquin Valley Drainage Implementation Program

Encourage Management of Riparian Zones to Protect Water Quality

Department of Water Resources' Western Delta Program

Encourage Management of Land Uses to Protect Water Quality

Department of Water Resources' Western Delta Program

San Joaquin Valley Drainage Implementation Program

Department of Water Resources' Drainage Program

IMPROVEMENTS TO SYSTEM RELIABILITY

Monitor, Evaluate, Maintain, and Stabilize Existing Levees

Department of Water Resources' Western Delta Program
Grizzly Slough Wildlife Areas
Delta Flood Protection Act
Federal Flood Control Project

Modify Agricultural Practices to Reduce Subsidence

Department of Water Resources' Western Delta Program

Investigate Techniques for Beneficial Reuse of Dredged Materials

Montezuma Wetlands Project
Sonoma Baylands Project
Long-term Management Strategy
San Francisco Bay Regional Water Quality Control Board and San Francisco Bay
Conservation and Development Commission/Basin Plan

Establish an Emergency Levee Management Plan

Provide Funding for Levee Maintenance and Stabilization

Delta Flood Protection Act
